<u>The Standard Model</u> comes with the Nagahara Scale, the Nagahara Pinless mechanism, the special patented thumb key design, and utilizes the standard dimensions recognized by flute makers worldwide.

The Full Concert (FC) Model features the Nagahara Pinless mechanism, an enlarged internal bore and toneholes size, an elongated headjoint with a greater taper, and the "Nagahara FC System" scale designed by Master Craftsman Kanichi Nagahara. This is a revolutionary design offered exclusively by Nagahara Flutes enabling a richer resonance, a broader range of dynamics, and ease of intonation control. Full Concert Headjoints are not interchangeable with other flute models or makes.

<u>The Galway Model</u> Just like the Maestro's instrument, the Galway Model includes the following features: a Galway model headjoint, No Gizmo Key (*added upon request*), the Nagahara Pinless Mechanism, & Wearless Mechanism Type II. The special key design in the Galway Model offers an extra touch of elegance, enhances the grip over the key-cups, and has a longer G# key spatula for added comfort.

<sup>\*</sup>Nagahara 'Extended' Riser has a front protrusion or "lip" extending up into the plane of the lip plate, thus no solder line at the blowing edge. Since both surfaces where the sound is produced are the same material, the sound is enhanced. The effect can be compared to having an entire lip plate of equal material.

<sup>\*\*</sup>Standard and Full Concert Model headjoints are priced the same. Some materials are only available in the Standard model. Embouchure cuts available are: Diligente (D), Ardore (A), Spiniato (S), DA, DDA, and DS. Galway cut is available for the Standard and Full Concert models, called "G form". For more information about our embouchure cuts please visit our website at www@nagaharaflutes.com. \*Note: some prices are included for appraisal values only.
