The Standard Model comes with the Nagahara Scale, the Nagahara Pinless mechanism, the special thumb key design, and utilizes the standard dimensions recognized by flute makers worldwide.

The Full Concert Model features an enlarged internal bore and toneholes size, an elongated headjoint with a greater taper, and the "Nagahara FC System" scale designed by Master Craftsman Kanichi Nagahara. This is a revolutionary design offered exclusively by Nagahara Flutes enabling a richer resonance, a broader range of dynamics, and ease of intonation control. The FC Model also features the Nagahara Pinless mechanism and thumb key design. Full Concert Headjoints are not interchangeable with other flute models or makes.

The Galway Model Just like the Maestro's instrument, the Galway Model Flute includes the following features: a Galway model headjoint, No Gizmo Key (added upon request), the Nagahara Pinless Mechanism, & the Wearless Mechanism (Type II). The special key design in the Galway Model offers an extra touch of elegance, enhances the grip over the key-cups, and has a longer G# key spatula for added comfort.

CUSTOM HANDMADE HEADJOINTS

Custom headjoint prices can be calculated by adding the cost of tube+lip plate+riser+riser style. The tubing cost includes a light base locking crown & cork assembly. Crown base and top upgrades are available at an additional cost. All Nagahara headjoints are made exclusively by Master Craftsman Kanichi Nagahara.
